

Guest Volunteer Needs Assessment

From time to time we receive guest volunteer requests where the task or the possible department is not yet clearly visible. We would still like to offer these volunteers an option, so just as we do for mission teams, we would like to put together a list of possible tasks that could be asked of them. Please complete this form for each task or role where your team could use a guest volunteer. If you have more than one role in mind, please copy this form and submit one per role. We can't guarantee that this position will be occupied or that this volunteering capacity will be filled, but we will consider it when we receive further inquiries. This form is not only for current requests. Please use it in the future as well, whenever a need for volunteer support arises, and simply submit the completed form to HR Expat.

Team & Contact

Team / Department	
Form completed by	
Date	

1. Task Description

Task(s)	<i>Short summary of the task(s)</i>
---------	-------------------------------------

2. Length of Commitment
