

Org Chart Auto-Sync

Setup guide — prepare the Google Sheet so the org chart updates automatically.

1. What to Add to the Google Sheet

Add two new columns to your existing staff sheet alongside Name, Role, Department:

Column	What to fill in	Example
Manager	Direct manager's full name, exactly as in the sheet	Bethany Roach
OrgGroup	Sub-label for grouping within a team (optional — most leave blank)	After School or PE

2. Rules for Filling In

Manager column:

- Leave blank for the top person in each department (Executive Director)
- Everyone else must have a manager name
- The name must match exactly — same spelling as the person's own row
- If someone reports directly to the ED, their manager is the ED's name

OrgGroup column (only a few departments need this):

- Leave blank for most staff
- Only fill in when a manager has multiple sub-teams (e.g. Education: After School, PE, Scholarship...)
- All people in the same sub-group get exactly the same label

3. Examples

Church Department (simple — no OrgGroups needed)

Name	Manager	OrgGroup
Eddie Roach	(blank)	(blank)
Rany Mom	Eddie Roach	(blank)
Panha Neang	Eddie Roach	(blank)
Boromey Hom	Panha Neang	(blank)

Bethany Roach	Eddie Roach	(blank)
Seangly Leng	Bethany Roach	(blank)
Sombo Ros	Eddie Roach	(blank)
Sreileak Rous	Sombo Ros	(blank)

Social / Education Department (with OrgGroups)

Name	Manager	OrgGroup
Matthias Lendi	(blank)	(blank)
Parigna Souem	Matthias Lendi	(blank)
Khunhy Thoeun	Parigna Souem	After School
Su Sey	Parigna Souem	After School
David Piseth	Parigna Souem	Creative Art
Kanha Un	Parigna Souem	PE
Tola Khem	Parigna Souem	PE
Phin Teb	Parigna Souem	Scholarship

4. Handling Vacancies

For open positions shown as red Vacancy cards, add a row like this — use **VACANCY** as the name and leave email/phone/telegram blank:

Name	Role	Manager	OrgGroup
VACANCY	Social Worker	Karano Chhuon	Social Workers

5. What Happens After

Step	Action	Owner
1	Fill in Manager + OrgGroup columns in the Google Sheet	You + Vanthen
2	Vanthen updates generate-contacts.py to include the new fields	Vanthen
3	Claude rewrites the org chart renderer in about.html	Claude
4	Test, push to GitHub — org chart updates automatically from then on	Both

6. Checklist for This Afternoon

■ Open the Google Sheet

■ Add "Manager" column

■ Add "OrgGroup" column

■ Fill in Manager for all staff (start with Church — it's the simplest)

■ Fill in OrgGroup where needed (Social/Education is the main one)

■ Add VACANCY rows for any open positions

■ Share the updated sheet link with Vanthen to regenerate contacts.json
